December 2024	Skill Enhancement Schedule
---------------	----------------------------

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
1	2	3	4	5	6	7
	Rigger & Signaler Qualification Refresher 4:30-8:30 PM Mon & Wed					
	Install Certification Refresher 4:30-8:30 PM Mon & Wed		Install Certification Refresher 4:30-8:30 PM Mon & Wed			
8	9	10	11	12	13	14
	Intro to Builders Level Transit 4:30-8:30 PM					
15	16	17	18	19	20	21
	Evening MW Precision Tools 4:30-8:30 PM					
	Evening Rafter Layout Basics 4:30-8:30 PM					
22	23	24	25	26	27	28
29	30	31	1	2	3	4

**Requirements: Union Card, Hard Hat, safety glasses, and work boots.

**All classes are taught in English unless noted otherwise.

**Classes will be cancelled if the minimum attendance requirement is not met.

Altoona Skill Enhancement Classes

Advanced Metal Stud Framing:

24 hour course. This class covers radius, sloped, light cove and more intricate framing techniques. Also includes an introduction to track bender.

Prerequisite: Minimum 3 year apprentice

Expiration: None

2024 course offered:

upon request

Ardex Ceramic Tile & Stone Night Class:

8 hour course. This class will cover setting tile and stone with Ardex materials, plus grouting and cleaning. Epoxy and regular grout products. Please give a 2-3 week notice for us to notify ARDEX SME's

Prerequisite: None

Expiration: None

2024 course offered:

7/8-7-9

Armstrong Wall and Ceiling System:

12 hour course. This class works with quick stick, soffit gigs, radius domes, drywall grid and suspended light cove framing.

Prerequisite: None

Expiration: None

2024 course offered:

upon request

Blueprint Reading-Advanced

8 hour course. A more in depth look at prints, how to do advanced layout, possible intro to electronic print reading, and how to transfer information to shop floor.

Prerequisite: Some experience with blueprints

Expiration: None

2024 course offered:

American Red Cross CPR/First Aid/AED:

8 hour course. This class provides a First Aid/CPR/AED qualification

Prerequisite: None

Expiration: 2 years

2024 course offered:

1/8-1/9, 3/11-3/12, 5/6 & 5/8, 6/3 & 6/05, 7/22-7/23, 9/9-9/10, 10/14-10/15, 11/11-11/12

Architectural Sheet Metal:

8 hour course.

2024 course offered:

Blueprint Reading-Basic:

8 hour course. This class covers general procedures, basic skills, and the necessary tools and materials needed to lay out a building. The architectural lines and symbols shown on site plan prints which are necessary to facilitate layout are also discussed.

Prerequisite: None

Expiration: None

2024 course offered:

Building Envelope Awareness:

8 hour course. This class covers how important building envelope is to longevity of our buildings and how to properly install the materials.

Prerequisite: None

Expiration: None

2024 course offered:

4/15-4/16

Construction Master Pro:

8 hour class. The Construction Master Pro teaches the use of the calculator to solve practically any problem involving measurements and can be used to save time and prevent errors. During the class you will perform common building projects such as estimating concrete volume, squaring-up foundations, framing roofs, ordering lumber, and many other projects. Calculator and workbook are available for purchase.

2024 course offered:
9/23-9/24

Confined Space Refresher:

8 hour course. This class refreshes Confined Space
Prerequisite: Confined Space
Expiration: None

2024 course offered:

Construction Fall Protection:

8 hour course. This Construction Fall Protection class addresses safety requirements when working from an elevated area, and covers how to recognize and properly address hazards in our industry.
Prerequisite: None
Expiration: None

2024 course offered:

Controlling Contaminants: Food and Bev:

24 hour course. Food, Beverage and Pharmaceutical Industry specific. Policies and Procedures used to limit the amount of disruptions and contaminants in these facilities.
Prerequisite: None
Expiration: None

2024 course offered:

Confined Space:

16 hour course. This class deals with the characteristics of confined space and requirements for a permit-required confined space program. Atmospheric hazards are described along with the methods of and time requirements for ventilation; and procedures for monitoring air quality.
Prerequisite: None
Expiration: None

2024 course offered:

Construction Math/Radius:

8 hour course. This class covers radius math, how to layout radius without a center point. Also covers elliptical and octagon layout.
Prerequisite: Math for the Trades
Expiration: None

2024 course offered:

upon request

Controlling Contaminants Awareness:

8 hour course. Contractor requested class. May need to be 40hr or 24 hr.

2024 course offered:

Door Hardware I:

24 hour course. The classroom will cover the order of installation, different types of hardware, as well NFPA and ANSI codes. On the floor you will layout, prep, and install cylinder and mortise locks. You will also install a rim exit device, trim, and closer.

2024 course offered:

Door Hardware 2:

32 hour course. The classroom will be a review from Door Hardware 1 as well as go over surface vertical rod adjustment and dead latch. The shop projects will consist of 4 different exit devices (9927, 22 ALK, 3347, 9975), 3 different closers (4041 XP, 4020, 4110) one with drop plate mount, coordinator, overhead stop, and talk about 9947 CVR and 9950 WDC. There will also be discussion about other double door hardware.

Prerequisite: Take and score a 90% or higher in Door Hardware 1

2024 course offered:

Door Hardware: Maintenance and

Troubleshooting:

16 hour course. Maintenance: classroom with PPT and scenarios, a walk through most common issues with doors and hardware (i.e hinge bind, stripped screws, closer leaks and readjustment, latch adjustments, sticky exit devices, drooping levers, etc) and affordable ways to repair them without cost of replacement, preventative maintenance to avoid the cost of replacement, help design a basic maintenance schedule, change handing of hardware and hinge location for temporary door use with previously used components. Troubleshooting: hands on experience of actual created scenarios with hardware

Prerequisite: Journey level carpenter with door hardware field experience or Door Hardware 1 and Door Hardware 2

2024 course offered:

Evening Acoustical Ceilings:

8 hour course. This class may be held as an awareness class for beginner or advanced participants. Training will cover layout, installation, and advanced layout/installation

Prerequisite: None

Exp. None

2024 course offered:

4/29-4/30

Door Hardware: Allegion Certified Installer:

28 hour course. 4 hours of instruction, 24 hours of certification (6 - 4 hour modules). **Passing requirements:** complete each module in allotted 4 hour timeframe, no assistance from the instructor (questions or suggestions), 100% proper installation and operation

Prerequisite: Take and score 90% or higher in both Door Hardware 1 and 2

2024 course offered:

upon request

EPIC - Formerly PRO 10:

10 hour course. Professionalism, communication, diversity, Union history, safety, and "Big Picture".

2024 course offered:

Evening Blueprint Reading:

8 hour course. This class will cover the basic and some advanced blueprint reading skills. The class will use paper prints and electronic blueprints.

Prerequisite: None

Expiration: None

2024 course offered:

4/8-4/9, 7/8-7/9

Evening Carpet:

8 hour course. This class will cover the basics to advanced level of commercial glue down and/or stretch-in installation.

Prerequisite: None

Exp: None

2024 course offered:

2/26-2/27, 4/29-4/30, 9/9-9/10

Evening Enhancement - Hilti PLT 300 Training:

8 hour course. Utilizing and setup of instrument and layout points.

Prerequisite: None

Exp: None

2024 course offered:

2/26-2/27

Evening Hardwood Flooring:

8 hour course. This class will cover moisture testing and control, glue down installation, and nail down installation.

2024 course offered:

8/12-8/13

Evening Millwright Precision Optics:

8 hour course. This course will cover the use and familiarization on Brunson Precision Optics.

Prerequisite: None

Exp. None

2024 course offered:

4/29-4/30

Evening Ceramic Tile & Stone Installation:

8 hour course. Basic to advanced tile and stone installation. Some classroom and hands on training.

Prerequisite: None

Exp: None

2024 course offered:

3/18-3/19, 6/10-6/11

Evening Flooring Basics:

8 hour course. Floor covering basics class has the opportunity to cover all aspects of floor covering. Q&A and demonstrations will be available along with some hands on practice.

Prerequisite: None

Exp: None

2024 course offered:

11/4 & 11/6

Evening Millwright Fabrication:

8 hour course. This course will cover oxyfuel cutting, drilling and tapping, plasma cutting, fitting and layout.

Prerequisite: None

Exp: None

2024 course offered:

10/28-10/29

Evening Millwright Precision Tools:

8 hour course. Use and familiarization on many kinds of Precision tools in the Millwright trade.

Prerequisite: None

Exp., None

2024 course offered:

11/18-11/19, 12/16-12/17

Evening Rafter Layout Basics:

8 hour course. This class will teach the participants how to properly layout and cut rafters

Prerequisite: None

Exp: None

2024 course offered:

12/16-12/17

Firestop Qualification:

8 hours course. This class explains firestop systems and how they are used to control and contain a fire.

The class also discusses building codes and how they relate to firestop installation.

2024 course offered:

Foreman Training:

This class will help the members who are about to step up to the foreman or leadership role. There will be group exercises and activities to help teamwork and leadership skills throughout the class.

Prerequisite: None

Expiration: None

2024 course offered:

3/25-3/26, 6/24-6/25, 10/28-10/29

Hazard Communication and Chemical Safety:

8 hour course. This class is a revision of the OSHA manual, Material Safety Data Sheets. The focus in this revision is broader: chemical hazards and safety precautions are thoroughly discussed along with hazard recognition and chemical hazard protection.

Prerequisite: None

Expiration: None

2024 course offered:

Evening Vinyl Heat Welding:

8 hour course. This class will cover beginner to advanced level of heat welding of PVC, rubber, and linoleum seams in sheet flooring materials.

Prerequisite: None

Exp: None

2024 course offered:

1/8-1/9, 5/13-5/14, 9/30 & 10/2

Firestop Qualification:

8 hours course. This class explains firestop systems and how they are used to control and contain a fire.

The class also discusses building codes and how they relate to firestop installation.

2024 course offered:

upon request

Hardwood Flooring:

This class will teach the member how to prepare and install 3/8" glue down hardwood flooring, 3/4 " nail down hardwood flooring. Basic and advanced layout and installation.

Prerequisite: None

Expiration: None

2024 course offered:

4/1 & 4/3

Hilti PLT 300 Layout:

8 hour course. Digital blueprint reading and layout procedures.

2024 course offered:

ICRA Best Practice in Health Care Construction:

24 hour course. This class promotes the importance of infection control and outlines protection methods and safe work practices for those who perform construction work in these facilities.

Prerequisite: None

Expiration: 4 years

M-Th

4:30 - 8:30pm, Sat 7:00 - 3:30pm

2024 course offered:

Install Certification Refresher:

8 hour course. This class will renew the INSTALL Certifications for 4 years. It will cover some of the newer industry standards.

Prerequisites: Must currently have one or all of the following certs: Substrate Prep Cert, and/or Resilient Cert, and/or Carpet Cert to take this refresher

Exp. : 4 years

2024 course offered: 12/2 & 12/4

Intro to Multimeter:

4 hour course. Introduces members to the basic functions and use of a multimeter. Included also in this class will be electrical safety and general knowledge information on measuring for volts, amps, continuity, etc.

2024 course offered:

Intro to Reciprocating Compressor:

16 hour course. This class will describe the basic considerations when installing, maintaining, or servicing reciprocating compressors. Included is safety, disassembly/assembly, as found/as left measurement readings, and maintenance.

2024 course offered: ,

ICRA Best Practice in Health Care Construction

Refresher:

8 hour course. This class refreshes/ reviews the 24 hour ICRA course.

Prerequisite: ICRA Best Practice in Health Care Construction

Expiration: 4 years

2024 course offered: 3/4 & 3/6

Intro to Builders Level Transit:

8 hour course. This class will cover decimal feet math, layout math, level both instruments, taking elevation shots, and shooting points with digital theodolite.

Prerequisite: none

Exp. None

2024 course offered:

6/10-5/11, 12/9-12/10

Intro to Procore/Bluebeam/Plangrid:

8 hour course. Introduces the members to Procore and Bluebeam so they can learn how to better utilize them in the field. Adding pictures, making documents digital, etc.

Prerequisite: None

Exp: None

2024 course offered:

5/13-5/14

Intro to Welding:

8 hour course. Safety, terminology and welding process introduction for members with little or no welding experience.

2024 course offered:

i-Pad Basics:

8 hour course. Introduces the members to iPads and how to better use the tablet and apps associated with the tablet.

Prerequisite: None

Exp: None

2024 course offered:

1/29-1/30

Lathing-Basic:

12 hour course. . This class includes information on and procedures for framing suspended ceilings, installing lathing trims, and installing lath on walls and ceilings.

Prerequisite: None

Expiration: None

2024 course offered:

upon request

Lean Construction II:

8 hr course. Focuses on Last Planner System. Discussion topics include: What does it mean to be a Superintendent on a lean project? What is the foreman's role.

Prerequisite: None

Expiration: None

2024 course offered:

upon request

MEWP's:

8 hour course. Formally known as aerial lift, covers safety issues and guidelines for mobile elevating work platforms that can be driven in an extended position and moves both inside and outside tipping lines. Class includes classroom theory, 50 question exam, and the required practical for Group A, Type 3 and Group B, Type 3. This class is required for anyone who was not previously aerial lift certified, or those members who do not have aerial lift certification on their TVC.

2024 course offered:

1/15-1/16, 2/19-2/20, 4/1 & 4/3, 6/3 & 6/5, 7/29-7/30, 9/16-9/17, 10/21-10/22, 11/18-11/19

i-Pad Basics and Intro to Bluebeam:

8 hour course. This class introduces you to the i-pad and its basic functions. The second night will give you a basic overview of the Bluebeam application, screen design, basic tools and markup features.

2024 course offered:

upon request

Lean Construction I:

8 hr course. 2 four hour class modules that focus on production planning; uses Last Planner System

Prerequisite: None

Expiration: None

2024 course offered:

upon request

Math for the Trades:

8 hour course. This class is a basic treatment of trade math beginning with general math, fractions, and decimals.

Prerequisite: None

Expiration: None

2024 course offered:**MEWP's-Supp:**

6 hour course. Formally known as aerial lift, covers safety issues and guidelines for mobile elevating work platforms that can be driven in an extended position and moves both inside and outside tipping lines. Class includes classroom theory, 30 question exam, and the required practical for Group A, Type 3 and Group B, Type 3. This class is for members who are currently certified and it appears on their TVC.

2024 course offered:

upon request

MSHA:

24 hour course. This course covers OSHA regulations for mine safety.

Prerequisite: None

Expiration: 1 year, then refresh annually

2024 course offered:

upon request

Open Welding:

8 hour course. Introduces the members to beginner to advanced welding with the capability to certify if requested.

Prerequisite: None

Exp: None

2024 course offered:

1/15-1/16, 2/12-2/13, 3/4 & 3/6, 4/1 & 4/3, 6/10-6/11, 7/22-7/23, 8/5 & 8/7, 9/16-9/17, 9/30 & 10/2, 11/4 & 11/6

OSHA 30:

30 hour course. This course covers amore in depth examination of OSHA standards, rights and responsibilities of employer and employee

Prerequisite: None

Expiration: None

2024 course offered:**PITO Rough Terrain:**

8 hour course. This class introduces many kinds of lift trucks—their components and applications. The text focuses on rough terrain lift trucks.

2024 course offered:

4/22-4/23, 5/13-5/14, 6/17-6/18, 8/5 & 8/7, 8/26-8/27, 10/07-10/08

MSHA Refresher:

8 hour course. This course reviews/refreshes OSHA regulations for mine safety.

Prerequisite: MSHA 24

Expiration: refresh annually

2024 course offered:

upon request

OSHA 10:

10 hour course. This course covers a basic OSHA overview, rights and responsibilities of employer and employee

Prerequisite: None

Expiration: None

2024 course offered:

8/26-8/27

PITO Industrial:

8 hour course. This class introduces many kinds of lift trucks—their components and applications. The text focuses on industrial lift trucks.

2024 course offered:

2/12-2/13, 7/15-7/16, 11/04 &11/6

Rigging (CRS - Certified Rigger & Signaler):

40 hour course. This class introduces and supports the hands-on portion of the Rigging and Signaling course. An introductory chapter on the history of rigging is followed by chapters on safety, wire rope, chain construction, slings, hardware, and knot-tying techniques.

Prerequisite: None

Expiration: 4 years

2024 course offered:

Rigging (CRS - Certified Rigger and Signaler):

40 hour course. This class introduces and supports the hands-on portion of the Rigging and Signaling course. An introductory chapter on the history of rigging is followed by chapters on safety, wire rope, chain construction, slings, hardware, and knot-tying techniques.

Prerequisite: None

Expiration: 4 years

2024 course offered:

Rigging (Qualification - Rigger & Signaler Qualification):

40 hour course. This class introduces and supports the hands-on portion of the Rigging and Signaling course. An introductory chapter on the history of rigging is followed by chapters on safety, wire rope, chain construction, slings, hardware, and knot-tying techniques.

Prerequisite: None

Expiration: 4 years

2024 course offered:

Scaffold 40:

40 hour course. This class provides clarification of the roles of a competent person and a qualified person and presents training requirements for erectors, dismantlers, and users. Information and guidance are given for calculating capacity and contributory leg loads.

Prerequisite: None

Expiration: 4 years

2 Weeks M-Th & one Sat

2024 course offered:

Rigging CRS Refresher:

12 hour course. This class refreshes/reviews 40 hour CRS Rigging Course. Classroom portion is 3, 4 hour evenings. Written test is administered after the class at a Pearson Vue Testing Center. Information to schedule the written test is distributed by the International Training Center.

Prerequisite: Current CRS, refresher must be taken before CRS expiration. Class and Test Paperwork to be completed before class attendance.

Expiration: 4 years

2024 course offered:

Rigging Refresher (Qualification - Rigger & Signaler Qualification):

16 hour course. This class refreshes/reviews 40 hour Rigger & Signaler Qualification Course..

Prerequisite: None

Expiration: 4 years

2024 course offered:

2/5-2/8, 5/6-5/9, 12/2-12/5

Scaffold 40 Refresher:

8 hour course. This class refreshes/reviews scaffold 40 hour class

Prerequisite: Scaffold 40

Expiration: 4 years

2024 course offered:

3/18-3/19

Silica Awareness:

2 hours course. This class covers understanding the hazards of silica, with an overview of OSHA Construction silica final rule.

2024 course offered:

upon request

Stepping Up to Foreman:

8 hour course. This class allows participants to learn about the responsibilities of UBC Foreman. The skills required of foremen, such as communication, job planning, scheduling, completing reports, and managing a crew are all discussed.

Prerequisite: None

Expiration: None

2024 course offered:

upon request

Solid Surface Installer Certification:

12 hour course. This class will allow the members to participate and complete the Solid Surface Installation Qualification

Prerequisite: None

Expiration: 4 years

2024 course offered:

9/30-10/02

Total Station I and II:

8 hour course. Covers a combination of Total Station I and II. It will begin with a review of the fundamental workings of the total station and how building quadrants are established. The second day will cover the capabilities and functions of the total station layout equipment.

2024 course offered:

upon request

Solar Installation Awareness:

8 hour course. This class will introduce the members to knowledge on Solar Installation along with some hands on activities

Prerequisite: None

Expiration: None

2024 course offered:

8/19-8/20

Solid Surface:

16 hour course. The Solid Surfaces class provides in-depth instruction in the technical aspects of working with solid surface material. The course covers epoxy, joining solid surfaces and proper surface finishing.

Prerequisite: Minimum 3rd year apprentice or take the required safety class
