## CAMPUS Skill Enhancement Classes

### **Advanced Metal Stud Framing:**

24 hour course. This class covers radius, sloped, light cove and more intricate framing techniques. Also includes an introduction to track bender.

Prerequisite: Minimum 3 year apprentice

Expiration: None

### **2025 course offered:**

upon request

### **American Red Cross CPR/First Aid/AED:**

8 hour course. This class provides a First Aid/CPR/AED qualification

Prerequisite: None

Expiration: 2 years

### **2025 course offered:**

1/6&1/8 ; 3/17-3/18 ; 7/7-7/8 ; 9/8-9/9 ; 10/27-10/28 ;

### **Architectural Sheet Metal:**

8 hour course.

### **2025 course offered:**

upon request

### **Armstrong Wall and Ceiling System:**

12 hour course. This class works with quick stick, soffit gigs, radius domes, drywall grid and suspended light cove framing.

Prerequisite: None

Expiration: None

### **2025 course offered:**

upon request

### **Blueprint Reading-Basic:**

8 hour course. This class covers general procedures, basic skills, and the necessary tools and materials needed to lay out a building. The architectural lines and symbols shown on site plan prints which are necessary to facilitate layout are also discussed.

Prerequisite: None

Expiration: None

### **2025 course offered:**

6/23-6/24 ; 8/18-8/19

### **Blueprint Reading-Advanced**

8 hour course. A more in depth look at prints, how to do advanced layout, possible intro to electronic print reading, and how to transfer information to shop floor.

Prerequisite: Some experience with blueprints

Expiration: None

### **2025 course offered:**

upon request

### **Construction Master Pro:**

### **Confined Space:**

8 hour class. The Construction Master Pro teaches the use of the calculator to solve practically any problem involving measurements and can be used to save time and prevent errors. During the class you will perform common building projects such as estimating concrete volume, squaring-up foundations, framing roofs, ordering lumber, and many other projects. Calculator and workbook are available for purchase.

**2025 course offered:**

9/29-9/30 ;

16 hour course. This class deals with the characteristics of confined space and requirements for a permit-required confined space program.

Atmospheric hazards are described along with the methods of and time requirements for ventilation; and procedures for monitoring air quality. Prerequisite:

None

Expiration: None

**2025 course offered:**

2/3-2/4 ; 11/17-11/18

**Confined Space Refresher:**

8 hour course. This class refreshes Confined Space

Prerequisite: Confined Space

Expiration: None

**2025 course offered:**

upon request

**Construction Ingles:**

8 horas de clase. Esat clase cubrira las palabras en

Ingles basicas y mas usads en construccion, sentencias en Ingles mas comunes, numeros y frases.

La segunda noche cubrira la practica de la pronunciacion y diferentes escenarios en vivo.

No prerequisites

No tiene expiracion

**2025 course offered:**

upon request

**Construction Spanish:**

8 hour course. This class covers the basic and most used Spanish words in construction, most common Spanish sentences, numbers, and phrases. The second night will cover practicing pronunciation and different live scenarios. Prerequisite: None  
Expiration: None

**2025 course offered:**

upon request

**Construction Math/Radius:**

8 hour course. This class covers radius math, how to layout radius without a center point. Also covers elliptical and octagon layout.

Prerequisite: Math for the Trades

Expiration: None

**2025 course offered:**

upon request

**Construction Fall Protection:**

8 hour course. This Construction Fall Protection class addresses safety requirements when working from an elevated area, and covers how to recognize and properly address hazards in our industry.

Prerequisite: None

Expiration: None

**Controlling Contaminants: Food and Bev:**

24 hour course. Food, Beverage and Pharmaceutical Industry specific. Policies and Procedures used to limit the amount of disruptions and contaminants in these facilities.

Prerequisite: None

Expiration: None

**2025 course offered:**

upon request

**2025 course offered:**

upon request

**Door Hardware 1:**

24 hour course. The classroom will cover the order of installation, different types of hardware, as well NFPA and ANSI codes. On the floor you will layout, prep, and install cylinder and mortise locks. You will also install a rim exit device, trim, and closer.

**Door Hardware 2:**

32 hour course. The classroom will be a review from Door Hardware 1 as well as go over surface vertical rod adjustment and dead latch. The shop projects will consist of 4 different exit devices (9927, 22 ALK, 3347, 9975), 3 different closers (4041 XP, 4020, 4110) one with drop plate mount, coordinator, overhead stop, and talk about 9947 CVR and 9950 WDC. There will also be discussion about other double door hardware.

Prerequisite: Take and score a 90% or higher in Door Hardware 1

**2025 course offered:**

upon request

**2025 course offered:**

upon request

**Door Hardware: Allegion Certified Installer:**

28 hour course. 4 hours of instruction, 24 hours of certification (6 - 4 hour modules). **Passing requirements:** complete each module in allotted 4 hour timeframe, no assistance from the instructor (questions or suggestions), 100% proper installation and operation

Prerequisite: Take and score 90% or higher in both Door Hardware 1 and 2

**Door Hardware: Maintenance and Troubleshooting:**

16 hour course. Maintenance: classroom with PPT and scenarios, a walk through most common issues with doors and hardware (i.e hinge bind, stripped screws, closer leaks and readjustment, latch adjustments, sticky exit devices, drooping levers, etc) and affordable ways to repair them without cost of replacement, preventative maintenance to avoid the cost of replacement, help design a basic maintenance schedule, change handing of hardware and hinge location for temporary door use with previously used components. Troubleshooting: hands on experience of actual created scenarios with hardware

Prerequisite: Journey level carpenter with door hardware field experience or Door Hardware 1 and Door Hardware 2

**2025 course offered:**

upon request

**2025 course offered:**

upon request

**Effective Communication for Foremen:****EPIC - Formerly PRO 10:**

4 hour course. This course focuses on effective communication for a foreman. Discussions will include actively listening, emotional intelligence, and listening to understand. This course will conclude with interactive exercises in a competitive group setting.

**2025 course offered:**

upon request

10 hour course. Professionalism, communication, diversity, Union history, safety, and "Big Picture".

**2025 course offered:**

upon request

**Firestop:**

8 hour course.

Prerequisite: None

Expiration: 4 years

**Foreman Concepts 1:**

4 hour course. A view of what it takes to be a good foreman. Concepts will include the key aspects of foreman success through safety, market share, customer retention and profit. This course is taught with class engagement, interaction, and the concluding understanding of the typical day as a foreman.

**2025 course offered:**

upon request

**2025 course offered:**

upon request

**Foreman: Safety Pays 1:**

4 hour course. Dedicated to safety leadership. This includes performing effective hazard assessments and gaining understanding of what injuries and lost time incidents actually cost an employer.

Prerequisite: None

Expiration: None

**Hazard Communication and Chemical Safety:**

8 hour course. This class is a revision of the OSHA manual, Material Safety Data Sheets. The focus in this revision is broader: chemical hazards and safety precautions are thoroughly discussed along with hazard recognition and chemical hazard protection.

Prerequisite: None

Expiration: None

**2025 course offered:**

upon request

**2025 course offered:**

upon request

**Hilti PLT 300 Layout:**

8 hour course. Digital blueprint reading and layout procedures.

**ICRA Best Practice in Health Care Construction:**

24 hour course. This class promotes the importance of infection control and outlines protection methods and safe work practices for those who perform construction work in these facilities.

Prerequisite: None

Expiration: 4 years

**2025 course offered:**

6/9-6/10

**2025 course offered:**

upon request

**Refresher:**

**Intro to Multimeter:**

8 hour course. This class refreshes/ reviews the 24 hour ICRA course.

Prerequisite: ICRA Best Practice in Health Care Construction

Expiration: 4 years

**2025 course offered:**

upon request

4 hour course. Introduces members to the basic functions and use of a multimeter. Included also in this class will be electrical safety and general knowledge information on measuring for volts, amps, continuity, etc.

**2025 course offered:**

upon request

**Intro to Reciprocating Compressor:**

16 hour course. This class will describe the basic considerations when installing, maintaining, or servicing reciprocating compressors. Included is safety, disassembly/assembly, as found/as left measurement readings, and maintenance.

**2025 course offered:**

upon request

**Intro to Welding:**

8 hour course. Safety, terminology and welding process introduction for members with little or no welding experience.

**2025 course offered:**

upon request

**i-Pad Basics and Intro to Bluebeam:**

8 hour course. This class introduces you to the i-pad and its basic functions. The second night will give you a basic overview of the Bluebeam application, screen design, basic tools and markup features.

**2025 course offered:**

upon request

**Lathing-Basic:**

12 hour course. This class includes information on and procedures for framing suspended ceilings, installing lathing trims, and installing lath on walls and ceilings.

Prerequisite: None

Expiration: None

**2025 course offered:**

upon request

**Lean Construction I:**

8 hr course. 2 four hour class modules that focus on production planning; uses Last Planner System

Prerequisite: None

Expiration: None

**2025 course offered:**

upon request

**Lean Construction II:**

8 hr course. Focuses on Last Planner System.

Discussion topics include: What does it mean to be a Superintendent on a lean project? What is the foreman's role.

Prerequisite: None

Expiration: None

**2025 course offered:**

upon request

**Mass Timber:**

Mass Timber Construction materials, covers, job planning, tools, and installation best practices used.

Prerequisite: None

Expiration: None

**2025 course offered:**

upon request

**Math for the Trades:**

8 hour course. This class is a basic treatment of trade math beginning with general math, fractions, and decimals.

Prerequisite: None

Expiration: None

**MEWP's:**

8 hour course. Formally known as aerial lift, covers safety issues and guidelines for mobile elevating work platforms that can be driven in an extended position and moves both inside and outside tipping lines. Class includes classroom theory, 50 question exam, and the required practical for Group A, Type 3 and Group B, Type 3. This class is required for anyone who was not previously aerial lift certified, or those members who do not have aerial lift certification on their TVC.

**2025 course offered:**

upon request

**2025 course offered:**

**1/20-1/21 ; 3/31-4/1 ; 7/14-7/15 ; 9/22-9/23**

**MEWP's-Supp:**

6 hour course. Formally known as aerial lift, covers safety issues and guidelines for mobile elevating work platforms that can be driven in an extended position and moves both inside and outside tipping lines. Class includes classroom theory, 30 question exam, and the required practical for Group A, Type 3 and Group B, Type 3. This class is for members who are currently certified and it appears on their TVC.

**MSHA**

24 hour course. This course covers OSHA regulations for mine safety.

Prerequisite: None

Expiration: 1 year, then refresh annually

**2025 course offered:**

upon request

**2025 course offered:**

upon request

**MSHA Refresher:**

8 hour course. This course reviews/refreshes OSHA regulations for mine safety.

Prerequisite: MSHA 24

Expiration: refresh annually

**2025 course offered:**

upon request

**OSHA 10:**

10 hour course. This course covers a basic OSHA overview, rights and responsibilities of employer and employee

Prerequisite: None

**2025 course offered:**

**8/25-8/26**

**OSHA 10 Industrial:****OSHA 30:**

10 hour course. This course covers a basic OSHA overview, rights and responsibilities of employer and employee for an industrial setting.

Prerequisite: None

Expiration: None

**2025 course offered:**

upon request

30 hour course. This course covers amore in depth examination of OSHA standards, rights and responsibilities of employer and employee

Prerequisite: None

Expiration: None

**2025 course offered:**

upon request

**PITO Industrial:**

8 hour course. This class introduces many kinds of lift trucks—their components and applications. The text focuses on industrial lift trucks.

**2025 course offered:**

2/10-2/11 ; 2/24-2/25 ; 7/28-7/29 ; 10/20-10/21 ;

**PITO Rough Terrain:**

8 hour course. This class introduces many kinds of lift trucks—their components and applications. The text focuses on rough terrain lift trucks.

**2025 course offered:**

4/7-4/8 ; 6/16-6/17 ; 8/25-8/26 ; 11/10-11/11 ;

**Rigging (CRS - Certified Rigger & Signaler):**

40 hour course. This class introduces and supports the hands-on portion of the Rigging and Signaling course. An introductory chapter on the history of rigging is followed by chapters on safety, wire rope, chain construction, slings, hardware, and knot-tying techniques.

Prerequisite: None

Expiration: 4 years

**2025 course offered:**

upon request

**Rigging CRS Refresher:**

12 hour course. This class refreshes/reviews 40 hour CRS Rigging Course. Classroom portion is 3, 4 hour evenings. Written test is administered after the class at a Pearson Vue Testing Center. Information to schedule the written test is distributed by the International Training Center.

Prerequisite: Current CRS, refresher must be taken before CRS expiration. Class and Test Paperwork to be completed before class attendance.

Expiration: 4 years

**2025 course offered:**

upon request

**Rigging (Qualification - Rigger & Signaler Qualification):**

40 hour course. This class introduces and supports the hands-on portion of the Rigging and Signaling course. An introductory chapter on the history of rigging is followed by chapters on safety, wire rope, chain construction, slings, hardware, and knot-tying techniques.

Prerequisite: None

Expiration: 4 years

**2025 course offered:**

upon request

**Rigging Refresher (Qualification - Rigger & Signaler Qualification):**

16 hour course. This class refreshes/reviews 40 hour Rigger & Signaler Qualification Course..

Prerequisite: None

Expiration: 4 years

**2025 course offered:**

6/16-6/19

**Scaffold 40:**

40 hour course. This class provides clarification of the roles of a competent person and a qualified person and presents training requirements for erectors, dismantlers, and users. Information and guidance are given for calculating capacity and contributory leg loads.

Prerequisite: None

Expiration: 4 years

**2025 course offered:**

upon request

**Scaffold 40 Refresher:**

8 hour course. This class refreshes/reviews scaffold 40 hour class

Prerequisite: Scaffold 40

Expiration: 4 years

**2025 course offered:**

**3/3-3/4 ; 7/28-7/29 ;**

**Silica Awareness:**

2 hours course. This class covers understanding the hazards of silica, with an overview of OSHA Construction silica final rule.

**2025 course offered:**

4/28-4/29 ; 12/8-12/9

**Solar Installation Awareness:**

8 hour course.

Prerequisite: None

Expiration: None

**2025 course offered:**

upon request

**Stepping Up to Foreman:**

8 hour course. This class allows participants to learn about the responsibilities of UBC Foreman. The skills required of foremen, such as communication, job planning, scheduling, completing reports, and managing a crew are all discussed.

Prerequisite: None

Expiration: None

**2025 course offered:**

3/24-3/25 ; 10/6-10/7

**Solid Surface:**

16 hour course. The Solid Surfaces class provides in-depth instruction in the technical aspects of working with solid surface material. The course covers epoxy, joining solid surfaces and proper surface finishing.

Prerequisite: Minimum 3rd year apprentice or take the required safety class

Expiration: 4 years

**2025 course offered:**

**2/17-2/19 ;**

**Spectra Precision QML-800:**

8 hour course. Digital blueprint reading and layout procedures.

**2025 course offered:**

upon request

**Total Station I and II:**

8 hour course. Covers a combination of Total Station I and II. It will begin with a review of the fundamental workings of the total station and how building quadrants are established. The second day will cover the capabilities and functions of the total station layout equipment.

**2025 course offered:**

11/3-11/4

**Trade Show Installation & Dismantling:****Welding Enhancement - 8-16 hour:**

24 hr course. This class focuses on procedures and safety precautions for trade shows and special events.

Prerequisite: Must have 3 of the following: Aerial Lift, First Aid/CPR/AED, OSHA, Scaffold, PITO

**2025 course offered:**

upon request

8-16 hour course. Self-paced opportunity to practice welding. SMAW, FCAW and GTAW available.

Class will start promptly at 4:30pm

Prerequisite: Intro to Welding

**2025 course offered:**

1/13-1/14 ;

**Welding Enhancement - Saturdays - 8 hour:**

8 hour course. Self-paced opportunity to practice welding. SMAW, FCAW and GTAW available.

Class will start promptly at 7:30am

Prerequisite: Intro to Welding

**2025 course offered:**

upon request

**Welding for Steel Stud Ind - 16 hour:**

16 hour course. Members can practice light gauge sheet metal welding in both SMAW and FCAW weld processed.

Class will start promptly at 4:30pm

Recommened prerequisite: Intro to Welding.

**2025 course offered:**

upon request
