

2021 UBC Leadership Training Programs

CREATING THE NEXT GENERATION OF JOBSITE LEADERS

United Brotherhood of Carpenters and Joiners of America (UBC) and the Department of Education and Training (DET) have put together five training programs to help develop the future leaders of your jobsite. Combining their hands-on, technical skills with soft skills such as communication, mentoring and transformational leadership to give you a new group of total professionals in the construction industry. Enclosed is the list of training opportunities for 2021 and contact information for the North Central States Council of Carpenters.

FOREMAN TRAINING (FOREMAN)

Building a Solid Foundation

There are several versions of the Foreman Training program available this year: Interior Systems, Concrete, Millwrights and Pile Drivers. The program is for UBC members who have worked as a foreman a minimum of nine months, who are currently working and have contractor approval and buy-in to attend. This class is ideal for contractors whose foremen oversee a project or crew. This four-day skill-building program examines the leadership role of the foreman as a planner, communicator, production manager, crew supervisor, and problem solver. During the program, participants will look at the major responsibilities of a foreman in relation to the three phases of a job: pre-job/job start-up; peak construction; and project close-out. The training is highly interactive, with real job applications and classroom skill practice. Tips, tools and techniques are woven throughout the program.

The foremen who are selected to attend will arrive in Las Vegas mid-morning Sunday and return home late afternoon Thursday or Friday. Hourly wages and benefits for that week shall be provided by each participant's employer.

The Foreman Training Program is not an open enrollment program. All requests for approval to attend this program will be coordinated through the Regional Council and the UBC District Vice President's Office.

Leadership as a Response: Engages jobsite leaders to better their leadership responses through commitment and involvement.

Culture of Collaboration: Encourages workers to engage each other, make decisions together, improve processes and product together, and to create a sense of commitment and ownership for all.

Communications Skills for Leaders: Strengthens communication skills and creates an external awareness that turns good communicators into great ones.

This program builds skills that help delegates educate, motivate, and inspire their fellow members.

The Delegate Training Program:

- Develops an understanding of a delegate's role and the value they bring to the Brotherhood.
